Unitas 1997

When we entered B-R as freshmen we began to share experiences that helped unite us. As the years passed we shared memories of proms and semi-formals; rallies and fund raisers. Whether we won or lost at sporting events, we always shared our enthusiastic B-R spirit. We co-operated in class discussions and helped each other during after school library visits. The memories of these shared experiences will always hold us together

Memories of our younger years cause us to pause and reflect. From making friends, starring in the school play or trick or treating in colorful costumes, we kept busy. With adulthood seeming centuries away, we lived for the day. As we reached our teens, responsibility overwhelmed us, and our carefree attitude slipped away. We faced increased schoolwork, car payments, jobs and college. As we head towards the future, we will bring the shared experience of our younger years with us.

We share many experiences with our friends. We came from two different towns, and at first the people we met in the school corridors were strangers. In time, those strangers became our closest companions. We attended concerts and parties together. We worked together, and we played together. Sometimes we just shared quiet moments . In years to come, as we go our separate ways, we will make new friends, but we will never forget the friends we made and the good times we shared at B-R.

At B-R learning is a shared experience between students and teachers who are always available to lend a helping hand. Math teachers show students how to solve equations. English teachers point out the details in stories and poems. Foreign language teachers encourage a knowledge of world cultures. In history teachers help us understand the past. Art and music teachers develop our creative and artistic sides. In business courses, our teachers prepare us for careers. Physical education acts as a break from academics, as our instructors help us stay in shape. Our teachers guide us and encourage us to fulfill our dreams.

We dress in our finest for proms and semi-formals, being sure to capture these times on film. As we proceed into the future, we'll hold tightly to the memories of Christmas caroling and field trips. Years from now we will reminisce about the experiences we've shared and realize that if we could do it again we would.

The Trojan athletes have always proven to be great participants throughout B-R's illustious athletic history. The current athletes have been no different. In victory and in defeat we always play hard and play to win. Should we lose, however, we keep our heads high and come back to play again with the renewed vigor and will of champions. We have come together from seperate teams and created a winning bond. Through our years on the teams we have won more than games, championships, awards, and trophies. We have acquired pride and, most importantly, friends. For the rest of our lives, we will share the experience of Trojan pride as we remember the effort we put into continuing the winning ways at B-R.

The Foreign Language Club travels to Montreal and the Carribean. The Ski Club travels to the white topped mountains of New Hampshire and Vermont, while our band and chorus perform at Disney World. The Cheerleaders encouraged school spirit at all the games and the Pep Rally. Our school comes together for fundraisers like Donkey Ball. Students on the yearbook work diligently to capture these moments in the Unitas. Everyone is welcome to participate and get involved to enrich our school.

Dedication

Ms. Virginia Ames

The Class of 1997 is pleased to dedicate this year's *Unitas* to Mrs. Virginia Ames. The word that comes to mind in describing Mrs. Ames is spirited. She is intensely dedicated to her students, always helping them to succeed. Her free periods and hours after school are spent assisting those students who need help. She has even offered extra help summer sessions at her home for Algebra II students. She truly rises above what is required of her to do all she can to help people.

In addition to her extraordinary teaching skills, Mrs. Ames is an avid supporter of the B-R athletic program. As usual, she was voted teacher with the most school spirit at this year's Sports Rally. Mrs. Ames has also been a loyal supporter of the yearbook and the student drama and musical productions.

Blessed with a wonderful sense of humor, Mrs. Ames truly loves her job. B-R students and staff will miss her motherly kindness and dedication. We wish her a long and happy retirement.

We Say Goodbye

Two B-R favorites are retiring this year. They are Ms. Anne Sprosty and Mr. Arnie Lopes. Both will be missed for their good humor and dedication to the school. We wish both staff members health and happiness in their retirement years.

For ten years at both the high school and elsewhere in the district, Mr Lopes made sure buidings were maintained properly. His ever cheerful ways will be missed.

Chemistry teacher Ms. Anne Sprosty taught at B-R for 21 years. Always an energetic teacher, she was enthusiastic and involved with her classes. She truly seems to love what she does. Ms. Sprosty plans to enjoy a third childhood with her grandson and to keep on learning .

Field Hockey

The Bridgewater Raynham Girls' Field Hockey team had very few returning varsity players this season. As a young and inexperienced team they had their work cut out for them. Meaghan Clifford acted as a team leader and served as a strong offensive player. Working well together in the forward line were Kara Holloway, Erica Smith, Becky Cruckshank, Beverly McGoodwin and Danielle Stella, who assisted many of Nicole Doherty's and Melanie Correia's goals. A strong defense provided by Natasha Tavares,Lora Marden, Allyson Litos, and Mellissa Wetherby was backed up by Elaine Sullivan the goal tender. Boys' Basketball

The Boys' Basketball team enjoyed another spectacular season. The team placed second in the OCL and foinished season and post season play with a 18-5 record Their only formidable opponent was Taunton; the team lost to them twice during the regular season and once again during the semi-finals of the South Sectionals. Teamwork led to success for B-R, with lots of solid three point shooting.

Antonio Rea and Marc Colombo were especially good in the inside under the basket. Shaun Sullivan and Brian Jones excelled at three point shooting. Weightlifting Club

Physical fitness is an important part of a healthy lifestyle. The members of the Weightlifting Club all share a common interest in keeping their bodies healthy and strong. Weight training is an ideal way for students to have fun while staying fit. With the help of Mr. Lennon, members learn the proper way to use equipment. Whether the students are off season athletes looking to increase strength and endurance, health conscious individuals, or just trying to get ready for a summer at the beach, the Weightlifting Club can be a rewarding way to excercise and have fun.

Ski Club

If you wanted to see snow this year, you had to head for the mountains of New Hampshire. Fortunately, the Ski Club provided many opportunities to enjoy the fluffy white stuff. Under the leadership of Mr. Heaslip and Mr. Moscardelli, the Ski Club has become one of the largest and most popular organizations at B-R. In addition to its many trips, the club offers students the chance to learn how to ski, rent equipment or perfect their skiing or snowboarding skills.

1. Ah, the dilemma-- snowboard or skis?
2. Shane Slater and Tom Holmes look forward to a fun filled day of skiing.
3. Advisors Mr. Moscardelli and Mr. Heaslip along with chaperones Ms. Chase-Ferioli and Mr. Fournier, enjoy a day on the slopes.

Publications

Publications at B-R include a wide variety of projects. Junior Nicole Coyman was in charge of the weekly calendar that advertised activities, sports, special events, announcements, and included seasonal poems, quotes and graphics. Julie Cunningham as editor of the *Regional Sound* formulated story ideas, encouraged reporters, and designed the layout of the paper. Dan Taylor and Darryl Brophy continue the work they start last year with the literary magazine planning an issue to be printed in the spring. Andy Buck was in charge of the program for this year's musical *Oklahoma!* Students were also responsible for the B-R Newsletter.

Unitas

Starting in the spring of 1996, the staff of the *Unitas* planned the publication of the yearbook. For each section, Editors Andy Buck and Patrick Hutchinson designed the format and choose graphics and text fonts. Pictures were planned, scheduled and taken. Once they were developed, picutres were selected and cropped to size. After selecting pictures students wrote snappy captions describing the action and identify the people. Kristy Cronin, Becky Dower, Jackie Cipriani, Sandra Pacheco, and Nicole Beatrice, were particularly adept at these tasks. Staff members wrote text recording events and activities of every club, class, and sport. Justine Penney, Ali McMahon, Dennis Joy, and Adam Bossi spent weeks on the facutly section. All information had to be typed into the computer and set on the page layout. Julie White, Kaitlyn Nadeau and Nicole Coyman spent months on the keyboard and proofing senior messages. Julie Baker proved that even underclassmen can become expert proofreaders. Marcie Cabral proved a Jill-of-all-trades who devoted hours of her free time on the publication.

TJ² Triumphs!!

On March 20-22, TJ2 competed in the Mid-Atlantic Regional First-- The Competition Robotics Meet held at Rutgers University in New Brunswick, New Jersey. TJ² won second place in a hard fought battle for first place in a tournament consisting of thirty-five highly competitive schools.

Over three days, the team's creativity, strategy and intelligence were challenged. Offensive power and defensive sharpness were the keys to the team's success. On Friday the TJ² team scored 160 points in a single round, the highest score in the entire tournament. It was also the highest score of any of the three regional competitions. The National Finals will be held at Disney World in Orlando, Florida on April 9-12, and TJ² hopes to be there to win it all.

1. Team members go wild as the first win in the final match of two out of three comes to an end. Engineer Chris McDowell slaps hands as driver Evan Watson dances and sings.
2. The team looks in awe during the award ceremony at the very final match which was lost by an amazing **half inch**.
3. Mike Kulibaba rejoices as he passes around the second place trophy.
4. The majority of the teams from all over rally for our robot as TJ² goes over the top for a 24 to 2 victory.
5. All outside Rutgers University in New Jersey team members are psyched for the competition.
